– *Xi Zen Yap, School Teacher*

Highly recommended. It explained a lot. Many things have actually become much more clear as a result of doing the Course. I highly recommend it to beginners and those who have some Feng Shui knowledge. Master Boon has a vast amount of knowledge that was passed onto her students in an interesting, light-hearted, informative and entertaining way.
– *Donny Lera, Administrator*

Highly recommended. Good.
– *Phillip Tan, Restaurateur*

Highly recommended. Good communication skills.
– *Pui Yue Loke, Architect*

Highly recommended. Good for beginners especially for those who wanted to proceed or those who are interested in Feng Shui for themselves. Very well organised and clarified, well simplified.
– *Vivien Hii, Director*

Highly recommended. Systematic and methodical. But seem to have rushed through topic due to time factor.
– *Lucy Lim, Nurse*

Highly recommended. Good. Right views of Feng Shui. Well communicated down the line.
– *Saw Pek Kew*

Highly recommended. Too short. Very good
– *C. Kam*

Highly recommended. Easy to understand step-by-step approach towards the mysterious art and science of Feng Shui. Good and clear presentation. Makes concepts easy to understand.
– *Koay Chee Keong, IT Manager*

Highly recommended. Need more time as its very complex. There were so many questions and not enough time to answer everyone. I have understood the basics of Feng Shui better though I'm not sure I can apply it. Articulate, knowledgeable, patient and friendly.
– *Shobana Sivalingam, Interior Designer*

Highly recommended. Good information provided and clear illustration. Provides good explanations and presents in a lively manner.
– *Goh Keng Seng*

Highly recommended. Too fast explanation, too little time to absorb. Good but limited time therefore not much time to clear uncertainty.
– *Choong Sue Mei, Realtor*

Highly recommended. A bit too fast for us to learn. Time constrain, will be better with more time provided.
– *Kok Seng Puan Erland, Retiree*

Highly recommended. Too fast especially the San Yuan teaching. I get confused over the applications part. Master Boon Yap tries her best. Maybe I am a poor student. I could not grasp some of the principles easily and could not follow as fast as I want.
– *Eddie Tan, Auditor*

Recommended. Interesting, a bit too much in too short a time frame. Informative but could be more systematic.
– *Richard Koh, Interior Designer*

Recommended. Very interesting – But does not seem to be enough time to cover all the material indepth. Clear and approachable.
– *Lyn Lee*

Recommended. Lack of exercises, lack of time to cover all angles of subject matter, variations, combinations. Too much material in 2 days of lectures
Instructor has great potential if given enough time for subject matter and exercises.
– *Debra Tye*

Recommended. Should be longer than 1.5 days, with more exercises. Course a bit too ambitious. Good.
– *See Guat Har, Solicitor*
